Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Monday 22 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rather cloudy with some light rain, east brighter this afternoon.

Today:
A mostly cloudy morning with, especially over western parts, occasional light rain. The rain becomes increasingly patchy this afternoon with some bright or sunny spells likely, especially across Caithness and Sutherland and towards Inverness. Southwesterly breeze, strong in west. Maximum temperature 12 deg C (54 deg F).

Tonight:
Some clear spells across eastern parts through the evening and overnight, but western parts remaining mostly cloudy with patchy light rain and drizzle. Fresh or strong southwesterly winds. Minimum temperature 4 deg C (39 deg F).

Tuesday:
Some brighter spells in east, otherwise cloudy with patchy rain. More persistent rain reaches the Western Isles in afternoon, then spreads east in evening. Strong southwesterly winds, coastal gales later. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:
Becoming increasingly unsettled with showers or longer spells of rain, especially in north and west but some brighter spells possible in east. Wintry showers to low levels on Friday.
